SRDOČI: Srdoči is a residential neighborhood on the west side of the city of Rijeka, only a few minutes away from the city center with a developed infrastructure that guarantees excellent traffic communication with other parts of Rijeka, as well as other parts of Kvarner and Croatia. The availability of health care, schools, kindergartens, shops, banks, post offices, parking spaces and cultural, entertainment, sports and recreation offers make this neighborhood an extremely desirable place to live. The relatively new quarter of Rijeka can be described as a residential area that over the years has managed to keep its traditional story about the history of education and sports. The</p>

primary school "Srdoči" was opened back in 1986, and since then every year an increasing number of children enroll due to the numerous contents it offers. In addition to the school sports hall, there is also an outdoor school playground where new artificial grass has been installed. Because of his achievements and projects, he is the pride of all students, parents, employees and citizens of the Local Board and the wider community. There are 32 streets in the area of Srdoč, which in most cases were named after writers: Ante Modrušan, Antun Branko Šimić, Antun Gustav Matoš, Dobriša Cesrić, Dragutin Tadijanović, Gustav Krklec, Mate Lovrak, Miroslav Krleža, Tin Ujević and many others. KASTAV The town of Kastav with the Kastav region is synonymous with rich history, geographical diversity, interesting architecture and a unique tourist offer! Located "over the sea, canoe soko", as the poet says, similar to all coastal towns, yet different; with a soul in a stone nest, wide enough for all who are ready to experience it in its entirety. Like many cities at the meeting point of Central Europe and the Mediterranean, Kastav has a rich tradition and a recognizable identity. During its history, Kastav was the administrative, economic and cultural center of Istria and the Primorje; it was and remains a nursery of the people's consciousness, so even when cities much larger than it today began to develop in the surrounding area, it managed to preserve its autonomy, language and customs.
