Description

Description:	<p>KRK ISLAND, KRAS - Building land 810 m2 The building land is located in an extremely quiet location in the central part of the island of Krk. Access to the land is possible from two sides, which, in addition to the fact that according to the construction conditions of the Municipality of Dobrinj, 400 m2 is enough for the construction of a detached house, represents an excellent opportunity for investors. Electricity and water are available right up to the field itself, and it is surrounded on two sides by a non-building area, i.e. forest. The location in the middle of the island and at a distance of approx. 5 km from the sea, can have a negative connotation, but it is also an advantage, considering that all sides of the island are located at a similar distance, which are different in terms of their natural beauty and the content they offer. Dear clients, the agency commission is charged in accordance with the general business conditions:</p> <p>www.dux-nekretnine.hr/opci-uvjeti-poslovanja ID CODE: 27459</p>
