Description

Description: Just 200m from the first beach, in a quiet street, we are selling a house with a total living area of 320m², surrounded by a 978m² garden. It extends through the ground floor, first and second floor. The ground floor contains an apartment with a living room, kitchen and dining room, two bedrooms and a bathroom. We climb the external staircase to the first floor, where there is a larger apartment, approx. 100m² in which there is a living room with a fireplace, a kitchen, a dining room, two bedrooms and a spacious terrace. On the last, second floor, there is an apartment with the same square footage and layout and a staircase to the roof terrace with a view of the sea. In the yard there is a garage for 3 cars, while the front side of the yard, due to its size, offers the possibility of parking several more cars. The back side of the yard has a green area that can be used to build a pool or additional content. The property borders the green belt, i.e. behind the house is the Soline forest park, which is also a protected area. A beautiful property in one of the most sought-after areas in Pula and the surrounding area, which, with minor modifications and investments, offers its new owners countless opportunities for living or investing!
