Description

Description:	ISTRJA, UMAG - Two houses with a sea view. The first town on the way to Istria from the north - Umag. It conquers with its variety and richness of offer. Umag is a small town that, through 45 km of coastline and an interesting hinterland, combines the peculiarities of the entire region and is perhaps the best introduction
--------------	---

to a different experience of the Mediterranean. The city of Umag has a very interesting history. Roman nobles discovered it and decided to appropriate it as their summer residence. The splendor, opulence and glamor of those times are reflected even today in the Venetian houses of the old city core - parts of the walls and towers, as well as Renaissance and Baroque buildings and churches, have been preserved. Modern semi-detached houses with sea view are for sale just a few minutes' drive from the center of Umag. Each house has a total area of 125 m², and they extend over two floors. On the ground floor there is a living room with a kitchen and a dining room, one bedroom, a bathroom and a storage room. From the living room there is access to the terrace, from which you can access the landscaped garden area of 720 m², where there is a swimming pool, a sunbathing area and a parking lot. On the first floor there are two bathrooms and three bedrooms, one of which is the master bedroom with its own bathroom and terrace. The houses are of modern construction with high-quality building materials. The carpentry will be PVC anthracite, the glass will be three-layered, and the floors will be made of ceramic with underfloor heating throughout the entire house and cooling with air conditioners. It is planned to install solar panels on the house, and the price will be adjusted accordingly. They are sold on a turnkey basis, which includes a fully furnished and ready-to-move-in property without furniture. The planned completion of the works is the end of the summer of 2024. An ideal property as an investment for tourism or for year-round housing.
