Description

Description:	<p>ISTRIA, ST. LOVREČ - Building land for the construction of an ideal home On a hill with a wonderful view of gentle fields, vineyards, olive groves and the sea in the distance, Sveti Lovreč is located. Sveti Lovreč is located in the middle of lush lavender fields in the western part of the Istrian peninsula, in the immediate hinterland of Vrsar, Poreč and Rovinj, and is one of the best preserved medieval fortified towns in Istria. The location of the small town on a gentle hill that dominates the area where as many as 22 settlements, villages and hamlets are scattered speaks of its significant role throughout history. Along the slightly indented western coast of Istria, there are several deep bays, of which the Lim Bay is partially part of the municipality of Sveti Lovreč. The Lim Bay is a natural phenomenon of great scientific and aesthetic value - it has been declared a special reserve in the sea. Not far from Svetog Lovrečan, this beautiful clean construction plot of 1,350 m² is for sale. Access is from an asphalted road, and water and electricity are located on the plot itself, which facilitates the entire construction process. The land is located in a small settlement where there are mostly holiday villas. Sea view from the first floor of the future building. The land is ideal for building one or two luxury villas with swimming pools. Opportunity! Dear clients, the agency commission is charged in accordance with the General Business Conditions: www.dux-nekretnine.hr/opci-uvjeti-poslovanja ID CODE: 27632</p>
