Description

Description: ISTRIA, ŽMINJ - Land with construction permit If all roads in Europe lead to Rome, then all roads in Istria lead to Žminj - the heart of Istria. Since ancient times, Žminj has been an important traffic hub, connecting the entire Istrian peninsula. The place is ideal for enjoying nature, hiking or cycling, and on the way through Žminj and its surroundings you will come across many stone houses, each of which tells its own story. Centuries-old Istrian stone houses have been converted into agritourisms, so you can try local Istrian cuisine, and on the last Saturday in August, the traditional Bartulja festival takes place, the biggest folk festival that Istrians and their guests never miss. This building plot is for sale, a few minutes' drive from Žminj. The land has an area of 847 m² and has a building permit for a single-storey house with an area of 115 m², which consists of two bedrooms, a kitchen, a living room, two bathrooms and a storage room. There is a swimming pool and a summer kitchen outside. The villa will be categorized with 5 stars. The electricity connection is already provided, while the water connection is in the realization phase. An ideal opportunity because you can immediately start construction and build your dream home. It is possible to purchase neighboring construction and agricultural land. Dear clients, the agency commission is charged in accordance with the General Business Conditions:
