Description

Description: ANNOUNCED - LUXURIOUS PROJECT UNDER CONSTRUCTION! Medulin - a settlement that has become one of the most popular summer resorts in the heart of Istria due to its numerous beaches. In addition to the rich accommodation capacity, it can boast a rich gastronomic offer, numerous autocamps and the Kažela naturist camp, and you will certainly not miss parties, where various events are organized every day (concerts, tournaments, folklore evenings...), and various sports evenings (cycling, sea sports, horse riding, sailing...). The construction of a new modern project is underway. It is a smaller residential building with 3 residential units - ground floor/I. floor/II. floor, in nature, 1 apartment on each

floor. The property in question is located on the ground floor, marked "S1", with a net area of 59.98 m², and consists of an entrance hall, living room with kitchen and dining room, two bedrooms, bathroom and covered terrace. The apartment also has a spacious part of the garden of 166 m², a parking space and a storage room in the basement. During the construction, quality materials, quality PVC carpentry, anti-burglary entrance doors, first-class ceramics and air conditioning in the living room will be used. Located in a great location, just a few steps away from the coast, shops, restaurants and the Medulin promenade. Due to its location, the project represents an excellent opportunity for investment for tourism purposes. Planned completion at the end of 2024. We are at your disposal for more information!
