Description

Description:	ISTRIA, LABIN - Comfortable apartment in an attractive new building On the southeastern coast of Istria, where green hills meet the sea, where nature and heritage meet, there are two towns of similar size but with different but mutually

complementary characters - Labin and Rabac. The picturesque town of Labin rises on a hill 320 meters high, only five kilometers from the white pebble beaches in Rabac. Intertwined with rich history and mining that marked this region, Labin, which was declared an independent republic for a short time, is today a fascinating city of contradictions; old and new, history and present, tourism and art. In the immediate vicinity of the center of Labin, a building of modern design is under construction, which extends through the ground floor and two floors and contains a total of 31 residential units. In the construction, durable and reliable materials are used, which guarantee long-term satisfaction and security of housing, while the space planning of each floor was carried out in detail, which resulted in a high-quality layout of the rooms. The object of sale is an apartment located on the second floor of the building; living area of 70.74 m² with a covered terrace of 11.44 m². It consists of two bedrooms, a bathroom, a storage room, a hallway and an open concept space that unites the living room, dining room and kitchen with access to a covered terrace. Parking spaces are purchased separately according to the corresponding calculation coefficient. This apartment in a new building within walking distance of shopping, cultural, educational and recreational facilities is an ideal opportunity for a comfortable family life as well as an investment for the purpose of tourist rental. The project is currently under construction and is for sale on a turnkey basis. The seller of the property in question is a legal entity. Dear clients, the agency commission is charged in accordance with the General Business Conditions: www.dux-nekretnine.hr/opci-uvjeti-poslovanja ID CODE: 27933
