names on the Adriatic. The dynamic development of Medulin rests on the valorization of the natural basis and physiognomy of the tame landscape. Every visitor to Medulin can find a true oasis of peace and quiet, rich in the landscapes of this Mediterranean landscape, but at the same time can spend a very dynamic and content-rich vacation here. The municipality of Medulin consists of several small towns, and this family house, whose sale we are mediating, is located in one such town. The building is located in a quiet street and is surrounded by other family buildings and holiday villas. It extends through the basement, ground floor and first floor and has a total living area of 200m². Conceived as a family house with several residential units, this facility offers several possibilities. Layout of apartments in the building: basement - living room with kitchen and dining room, two bedrooms, bathroom and terrace ground floor - living room with kitchen and dining room, three bedrooms, bathrooms and two spacious terraces. The apartment has the possibility to separate one room and use it as a separate studio apartment with its own kitchenette. first floor - apartment 1: living room with kitchen and dining room, one bedroom, bathroom and terrace. apartment 2 - living room with kitchen and dining room, two bedrooms, bathroom and terrace. On the garden of 196m² there is a landscaped terrace, a paved garden and a green area that is maintained. Two parking spaces are located in the yard of the house. Although the building requires renovation and additional investments, given the location and the number of apartments in the house, this property is an ideal opportunity for a peaceful family life or as a safe return on investment through renting apartments for tourist purposes.
