About us: Dux nekretnine agency operates with the aim of raising the quality of real estate brokerage to a higher level of professionalism and mutual satisfaction of the parties with which it cooperates. How do we do that? We approach each client humanely and professionally in order to facilitate one of the biggest and most important decisions in life - buying real estate. Our offer includes a wide range of high quality and very attractive properties in the Kvarner, Istria, islands and wider surroundings in order to satisfy the refined tastes of our longtime customers. The buying and selling process takes place at the highest level of quality with our reliability and commitment to each individual client. Our job is not done until we see a smile on the faces of clients. And even then because we like to stay in touch

even after the contract is signed
- because our mission is more
than just a job.

be made of ceramic tiles, which must have certain anti-slip and resistance properties, while the floors in the entrance area/corridor, living room and dining room and bedrooms are planned to be made of parquet intended for installation on floor heating system. Heat and sound insulation will be installed on the floor structure, thickness according to the calculation, and screed above the layer of PVC foil. The screed should be separated from the walls, in order to get the effect of a "floating floor", for better sound insulation. In wet areas (sanitaries), the floor is additionally insulated with a polymer-cement waterproofing coating. Dear clients, the agency commission is charged in accordance with the General Business Conditions www.dux-nekretnine.hr/opci-uvjeti-poslovanja ID CODE: 27988
