Garage: yes
Number of parking spaces: 2

Description

Description: Istria, Labin, terraced house under construction. The site of today's picturesque town of Labina, located on a hill 320 meters high, only about 3 kilometers from the sea, was apparently inhabited as early as 2000 BC. Rarely does the wealth of architecture and cultural-historical monuments combine so charmingly with numerous art studios. This terraced house project of a total of 4 residential units is located in a quiet location about 4 km from Labin and about 10 km from the sea, Rabac and its beaches, close enough to all necessary urban amenities. It consists of a living room with dining room and kitchen, as well as a storage room and guest bathroom on the ground floor. The living room has access to a covered terrace. On the upper floor there are two bedrooms, each with a bathroom, one of which has access to the balcony. High-quality construction of houses is planned, with an expected completion date in 2026. The facility is suitable for year-round living, but also for rental in terms of tourist rental. The house is connected to the neighboring one by a garage for two cars with an area of 31.80 m². The adjoining garden is planned to be leveled, fenced and horticulturally arranged. The price refers to a finished, functional property, ready for use. ID CODE: 1534
