and dining room, a hallway and a bathroom. The living room has access to the terrace where there is a jacuzzi. The floors on the first floor are covered with ceramic tiles. On the first floor there are two bedrooms, a hallway and a bathroom. The rooms are covered with a laminate floor. The house is sold furnished. Sveti Lovreč is located in the middle of lush lavender fields in the western part of the Istrian peninsula, in the immediate hinterland of Vrsar, Poreč and Rovinj, and is one of the best preserved medieval fortified towns in Istria. The location of the small town on a gentle hill that dominates the area where as many as 22 settlements, villages and hamlets are scattered speaks of its significant role throughout history. Along the slightly indented western coast of Istria, there are several deep bays, of which the Lim Bay is partially part of the municipality of Sveti Lovreč. The Lim Bay is a natural phenomenon of great scientific and aesthetic value; it was declared a special reserve in the sea.
