Description

Description: The small town of Labin is located on the eastern coast of Istria on a hill 320 meters high, only three kilometers from the sea. It was already inhabited in the second millennium BC. The old town is full of artistic charm and studios, which are best visited in the summer during the two-month festival of culture and art – Labin Art Republic. The cycling paths in the vicinity of Labin will introduce you to the natural beauty, wine roads, history and ancient legends of this region. The nearby Rabac beaches with pearl pebbles and crystal clear sea are famous as the most beautiful in Istria. Located in the vicinity of Labin, just 2500 m from the sea, there is a building plot. The land has a regular rectangular shape with a gentle slope towards the sea and has been cleared to a certain extent. From the field there is a wonderful view of the sea and nature. There is an access road to the land, all the necessary infrastructure is nearby, and a septic tank needs to be built for waste water needs. ID CODE: 1536
