Description

Description:

KOSTRENA - Luxury apartment in a superb new building Kostrena is an old popular coastal town, first mentioned at the beginning of the 15th century. It gained its first municipal independence in 1874, but kept it for a very short time, only two years. It is divided into two parts, St. Lucia and St. Barbara, according to the names of the two churches that exist in its territory. Kostrena is located in the immediate vicinity of the city of Rijeka, surrounded by the bay of Martinšćica and the Bay of Bakar. Our Kostren peninsula is about 10 kilometers long and slopes gently towards the sea coast. Beautiful beaches are located along its entire length, which are visited by thousands of bathers during the summer. The most famous and most visited are those in Žurkovo bay, followed by Smokvinovo, Svežanj, Spužvina, Podražica, Nova voda and Perilo. Kostrena consists of about twenty settlements, many of which were named after families, and today Vrh Martinšćica, Glavani, Sv. Lucija, Rožmanići and Paveki. The characteristic karst area with Mediterranean plants and the famous Kostren thunderbolts, and the mild climate that sometimes succumbs to strong storms, are the characteristics of our region. KOSTRENA - a luxury residential building of 6 apartments in a unique location with a view of the sea. In our offer, we are selling an apartment on the first floor, 3 bedrooms + living room with a total living area of 128.40 m². It consists of an entrance hall, three bedrooms, two bathrooms, a storage room, a common area of the kitchen, dining room and living room, and a covered terrace. The apartment has a garage parking space in the basement of the building and one outdoor parking space. The apartment is equipped with a Fan-Coil system for heating and cooling, Schuco aluminum joinery, security doors, electric lifts. A very luxurious property in a great location, definitely recommended by the agent.
