Description

Description:

ISTRIA, BUZET - A picturesque estate as if from a fairy tale Buzet, a small town on a velvety hill, surrounded by mighty stone walls and seasoned with divine autochthonous Istrian gastronomy. It is widely known as the city of truffles, whose hunting grounds are located right in the forests of the Mirna River valley. One of the most valuable features of this region is certainly the untouched nature. Beautiful natural landscapes that merge coastal and mountain landscape with numerous hills and the valley of the Mirna river give rise to unique views. The area of Buzeština is located in the northernmost inland part of Istria, in the area between three large city centers: Rijeka, Trieste and Pula. The area is very diverse, from 10 m to over 1000 m above sea level. Buzet, together with the surrounding area, known as Buzeština, covers 165 km². Somewhere between Buzet and the smallest city in the world - Hum, in a place where you can see the stars, and the silence is broken only by the sound of a small waterfall, a picturesque estate like from a fairy tale is for sale. Three stone ladies from the distant 1880 were thoroughly and carefully adapted, adapted to the needs of modern man and resulted in a harmony of space, ambience and garden with the charm and uniqueness given to them by their original elements. Each house consists of a living room with a kitchen, a bathroom and one or two bedrooms, depending on the size of the house. A lot of time was invested in meticulous decoration with a minimal dose of modernism in the interior renovation, and authenticity was maintained. The materials that convincingly prevail in the space are stone, wood and iron, i.e. natural materials that perfectly match the selection of details and furniture that has been collected and restored over the years. In parallel with the interior decoration, a spacious garden with four natural ponds and karst pools, which are home to turtles and koi fish, was arranged. Ponds and ponds do not have purification pumps but are filled with aquatic plants that produce oxygen. The magical oasis of peace is arranged according to the Feng Shui principle. The circular pool with a diameter of 7 meters that flows into a smaller pool with a diameter of 3.5 meters equipped with an Astral massage pump attracts attention. There is a sunbathing area around the pool. A pergola, relaxation areas and a garden house occupy a place in the garden. All facilities are connected by lighted winding paths, and the garden is enriched with a variety of plants. This paradise on earth is a perfect opportunity for an investment for tourism purposes as well as for an idyllic family life.
