Description

Description:	ISTRIA, MOTOVUN - A hotel in a unique location and with a unique offer in Istria In the northern part of Istria, above the Mirna river valley, on a conical hill
--------------	--

located 277 meters above sea level, probably the most famous and most attractive Istrian medieval town - Motovun - is located. The town has preserved its medieval appearance even today. The city itself is divided into three parts, and its specificity is two rows of walls. In Motovun, there are Trg Andrea Antia and Trg Josef Ressel, which was designed as a lookout point and offers a view of beautiful landscapes. The longest staircase in Croatia with 1052 steps leads to the city. In addition to numerous cultural and historical sights, Motovun and its surroundings can boast numerous vineyards and famous winemakers, recreational facilities that enable an active vacation such as grape harvesting, asparagus picking, truffle gathering, fishing, paragliding, free climbing, canoeing, and for the beautiful time, above Motovun, it is possible to ride in a hot air balloon. The most famous event that takes place in this city at the end of July is the Motovun Film Festival. Not far from Motovun, there is an Istrian house built in 1910, which after adaptation was converted into a tourist facility with a unique offer. The building consists of four floors, with a total area of 388 m². On the ground floor of the building there is a tavern with an outdoor terrace, kitchen, toilet for guests and staff, reception. In the inner part of the tavern, there is a fireplace which, in addition to creating an atmosphere, enables floor heating with the ventilation system. An internal staircase leads to the first floor. Two floors are occupied by eight double rooms categorized with two stars. Each room has its own bathroom, air conditioning and TV and are attractively and thematically decorated, in accordance with the offer of the facility and in accordance with the view of the landscape made up of endless vineyards. The basement of the building consists of a storage room and a wine cellar. The wine cellar is the specialty of this facility because, in addition to offering quality wines from local winemakers, it has a wine bank, the only one of its kind in Istria, which consists of 39 wine safes. The yard, with an area of 1500 m², consists of a large parking lot and an orchard which is an after lunch lounge area, where the guests of the facility like to relax. The building was completely renovated in 2018, with new installations, new wall and floor coverings, external and internal carpentry, sanitary facilities, new roof, facade. Solar heating of sanitary water enables significant savings in electricity. Internet and Wi-Fi are available in the facility. With its offer and interior, this facility fits into the landscape and forms a rounded oenological story, which promotes wine tourism and contributes to the recognition of Motovun, its surroundings and the whole of Istria. Since it is located in a quiet location with a beautiful view of Motovun and the surrounding vineyards, this facility is an ideal place for a vacation and an ideal opportunity for a return on investment, given that it is a facility with a well-established business near the city that is tourist active throughout the year. There is a possibility of buying the surrounding construction land owned by the Republic of Croatia, which would enable the future owners to expand the offer.
