In addition to Malvasia, the vineyards produce high-quality muscat, recognized even outside this area. Hunting tourism is favored by a large selection of game - there are pheasants, roe deer, wild boars, etc. Hospitality is based on traditional local cuisine, and there are great opportunities for the development of rural tourism. The urban structure of Momjan first developed in the lower part of the settlement, where the church and the oldest houses are, and over time it expanded towards the top of the hill, where the upper settlement was founded.
