Description

Description:	<p>ISTRIA, UMAG - Apartment house 3 km from the sea The first town on the entrance to Istria from the north - Umag. It conquers with its variety and richness of offer. Umag is a small town that, through 45 km of coastline and an interesting hinterland, combines the peculiarities of the entire region and is perhaps the best introduction to a different experience of the Mediterranean. The city of Umag has a very interesting history. Roman nobles discovered it and decided to appropriate it as their summer residence. The splendor, opulence and glamor of those times is reflected even today in the Venetian houses of the old city core. Parts of walls and towers have been preserved, as well as Renaissance and Baroque buildings and churches. A stone's throw from Umag is this beautiful, detached, apartment house that has been used as a tourist rental for years and brings good income to the current owners. The house extends over the ground floor and first floor and contains 5 studio apartments. There are 2 apartments on the ground floor, each</p>

with its own bathroom, and the internal staircase leads to the first floor where there are 3 more apartments, each with its own bathroom and terrace. The future owner can arrange the layout of the rooms in the house as he wishes, that is, he can keep the studio apartments or remodel the entire house for family life. Heating is gas, air conditioners and heaters. The house is located on a plot of land of 798 m², which currently serves as a parking lot for several cars, but the future owner has enough space to build a swimming pool with a swimming pool. There is also the possibility of buying a business building with an additional apartment. Due to the proximity of the amenities, this apartment house is ideal for continued tourist rental, as more units are sought after in Istria every year. Dear clients, the agency commission is charged in accordance with the General Business Conditions: www.dux-nekretnine.hr/opci-uvjeti-poslovanja ID CODE: 16954
