Description

Description:

The town of Crikvenica is, in fact, a sea riviera. Four small towns in one! The town consists of Selce, Crikvenica, Dramalj and Jadranovo, almost connected into a single series of tourist places. Above them, in a remote valley at a higher altitude, is the town of Grižane. The place is known for its untouched nature, quiet neighborhood and luxury villas for a perfect vacation from the city noise. Perfect location not far from the town of Crikvenica. The city of Crikvenica is not just the mainland. The sea also extends into the waters of the Vinodol Channel, on an area of about 60 square kilometers. The century-old tourist tradition on the Crikvenica Riviera is a consequence of its excellent geographical position and good road connections. The climate on the Crikvenica Riviera is mild and stable Mediterranean you can only wish for! Thanks to the favorable weather conditions, you can enjoy numerous outdoor activities here almost all year round, from sailing to walking, running, cycling and many others. The Riviera is located on the sea, and yet close enough to the mountains, so on the same day you can enjoy the beach, dive, sail or sail, and then in just half an hour to reach the forest peace and taste healthy specialties of medicinal plants. A modern villa is for sale in this beautiful area. The villa is part of a double modern building of symmetrical shape with its own entrance and intimacy. The villa consists of a ground floor (69 m²) and 1st floor (84 m²). The villa includes a garden of 500 m², basement of 16 m², two parking spaces and a swimming pool of 24 m². The ground floor of the villa consists of a kitchen, living room, separate toilet and bathroom, while the first floor has three bedrooms and a bathroom. The rooms, kitchen and living room are south oriented with lots of natural light during the day. The living room opens onto a spacious covered terrace and pool, while the rooms on the 1st floor open onto a balcony. The view is directed towards the untouched nature and greenery, but also towards the sea. The villa is equipped with video surveillance, solar panels and automatic irrigation. Everything in the apartment is electrically powered with minimal consumption and great savings, which is indicated in the energy certificate (A +). ID CODE: 16736
