Description

Description: ISTRIA, RABAC - The last building plot in the construction zone On the southeastern coast of Istria, at the place where green hills meet the sea, where nature and heritage come together, there are two towns of similar size, but with different, but mutually complementary characters - Labin and Rabac, just five kilometers apart. Rabac, due to its white pebble beaches, rich Mediterranean vegetation and crystal clear sea, has been called the pearl of Kvarner. Once a small fishing village, today Rabac is an attractive tourist destination that hides a wealth of cultural events in a network of colorful streets. The green surroundings of Rabac and the picturesque hinterland invite you to adventure, research and recreation throughout the year. Not far from Rabac and Labin in a small settlement by the sea, the last building plot in the construction zone is for sale. The microlocation of the land is ideal and guarantees an uninterrupted panoramic view of the sea that will not be obscured. The terrain has a regular shape, and the approach is from a neat macadam road about 130 meters from the asphalted road. The construction of residential buildings with a height of P+1 is permitted. Communal infrastructure (water, electricity and telephone) is 30 meters away. This land with a sea view is a perfect opportunity to build a family home or a vacation home. A rarity on the market! Dear clients, the agency commission is charged in accordance with the General Terms and Conditions: www.dux-nekretnine.hr/opci-uvjeti-poslovanja ID CODE: 16172
