the sea, but also ancillary facilities such as schools, kindergartens, shops and sports centers. Opportunity for buyers who want a quiet family life, but also buyers who are looking to use the apartment as a cottage by the sea. Kostrena is an old popular coastal town, first mentioned in the early 15th century. It gained its first municipal independence in 1874, but retained it for a very short time, only two years. It is divided into two parts, Sv. Lucia and St. Barbara, according to the names of the two churches that exist in her area. Kostrena is located near the city of Rijeka, framed by the bay Martinšćica and Bakar Bay. Our Kostrena peninsula is about 10 kilometers long and gently slopes towards the sea. Its entire length is home to beautiful beaches that are visited by thousands of bathers during the summer. The most famous and most visited are those in the bay Žurkovo, then Smokvinovo, Svežanj, Spužvina, Podražica, Nova voda and Perilo. Kostrena consists of about twenty settlements, many of which were named after families, and today the most inhabitants are Vrh Martinšćica, Glavani, Sv. Lucija, Rožmanići and Paveki. A characteristic karst area with Mediterranean plants and famous Kostrena boulders, and a mild climate that sometimes subsides before strong gusts of bora, are the characteristics of our region. The whole life of Kostrena and the people of Kostrena consists in the element of the sea, and thus their essential commitment, and that is since Kostrena has historically been remembered for its seafaring. Kostrena had famous captains all over the world, so Captain Pavao Randić was the first to cross the Suez Canal before its opening. Kostrena also takes care of its cultural and social life, so it organizes events Autumn in Kostrena, Spring in Kostrena, summer events, Municipal Days, and during the winter Kostrena masquerades in the hall of the National Reading Room and the Carnival group Špažićari, which represents Kostrena at the International Carnival processions in Rijeka. In Kostrena, a place of sailors and fishermen, there are a number of newly built villas, houses, small buildings with luxury apartments with exceptional sea views, but also the forest in the background. The place, which is organized according to the size of a large city in a smaller geographical area, makes Kostrena an ideal place to live. The proximity of all amenities, forests and mountains, but especially the sea, promenades and natural beaches, sets Kostrena apart from the rest of the coastal coastal zone. Dear clients, the agency commission is charged in accordance with the General Terms and Conditions.
