### Description

Description:	<p>ISTRIA, RABAC - Building plot with open sea view On the southeastern coast of Istria, at the place where green hills meet the sea, where nature and heritage come together, there are two towns of similar size, but with different, but mutually complementary characters - Labin and Rabac, just five kilometers apart. Rabac, due to its white pebble beaches, rich Mediterranean vegetation and crystal clear sea, has been called the pearl of Kvarner. Once a small fishing village, today Rabac is an attractive tourist destination that hides a wealth of cultural events in a network of colorful streets. The green surroundings of Rabac and the picturesque hinterland invite you to adventure, research and recreation throughout the year. Not far from Rabac, in a small settlement by the sea, there is a building plot for sale with an open view of the sea. The land is 150 m from the sea. The building plot has an area of 2383 m<sup>2</sup>. The land is cascading, gently sloping and rectangular in shape, and the ground floor of the future building has an open view of the sea. The land is for residential purpose P+1. Given the exclusive location, this land is an ideal investment for the construction of several holiday homes. A rarity on the market!!!
