Description

Description:

Umag, a town in the north of Istria that conquers with its charm, diversity and richness of offer. Umag is a town that synthesizes the peculiarities of the entire region through 45 km of coastline and interesting hinterland and is perhaps the best introduction to a different experience of the Mediterranean. In the hinterland we come across beautiful hilly places-forts with amazing views and amazing past and a lot of agritourism with indigenous delicacies and friendly hosts. The Umag sea is crystal clear and suitable for swimming from May to October. And most importantly: in the past few years, tourism is extremely developed and the destination abounds in high quality accommodation facilities, whether it is luxury or family-oriented hotels, villas, apartments or eco-friendly camps, all in accordance with the true spirit of nature and the Mediterranean as it once was. At a distance of only 250 m from the sea, a beautiful property with a main house and three bungalows is for sale. The main house has a kitchen, dining room and living room with fireplace and central heating with heating oil. Also, there is another bedroom with a bathroom and a separate toilet. The living room opens onto a covered summer terrace ideal for morning coffee or a glass of wine in the evening. On an area of 1580 m² there are three more bungalows built of stone in the Istrian style that provide privacy to each guest. In the central part there is a swimming pool of 25m². In the yard under the old pine trees there is a barbecue where you can prepare delicious meals for family and friends. The lawn around the house has automatic irrigation. In the yard there is a private parking for 3 cars. Carefully selected plants give a special atmosphere and provides complete privacy. All facilities are located nearby. Don't miss this unique opportunity to make this fairytale estate your own! The property has a categorization, so if you still want to engage in tourism is an ideal opportunity to return the investment. ID CODE: 9608
