Description

Description:

The medieval town of Grožnjan is a hill surrounded by terraces of olive groves and vineyards. Situated only twenty minutes from Umag, Grožnjan offers a view of about twenty surrounding Istrian towns, the valley of Mirna and the sea from Novigrad to Umag. It consists of 11 settlements. In one of these settlements, in a beautiful location, away from all the houses, in complete solitude, this luxury stone villa is located. The villa is decorated and equipped with high quality furniture; a true blend of luxury and elegance where attention was paid to a lot of details including natural materials. On a completely fenced and landscaped garden of 1,721m² there is a covered parking lot with 2 parking spaces and a tool room, solar heated pool of 14x4.5m and 3 buildings; main house (148m²), tavern (50m²) and garden storage (22m²). The luxury house consists of a living, a kitchen with a dining area, 3 bedrooms, a wardrobe, a study, 2 bathrooms, a toilet and a terrace. The tavern has a beautiful fireplace and kitchen, bedroom and bathroom. The house is heated / cooled by a convector valve, 2 fireplaces (the fireplace in the main house is connected to a complete central heating system - then all rooms are heated by wood and not by electricity), solar panels for hot water. Underfloor heating installed in all bathrooms. This modern villa with one of the most beautiful views in Istria provides complete privacy and luxury. ID CODE: 9147
