Heating type: air-conditioner

Description

Description: OPPORTUNITY - a house in a great location, just 10 minutes' walk from the center of Medulin, offers a perfect combination of peaceful nature and practical proximity to city amenities. The house, located on a plot of 894 m², consists of two residential units (each apartment is 140 m²). The ground floor offers a well-designed layout of rooms and is fully furnished, while on the first floor there is the same apartment in the roh-bau stage, which the future owner can, with a little adaptation, arrange according to his wishes and needs and create an even more pleasant environment. In addition to the above, the house also has an additional utility room and a garage. In addition to offering comfort and functionality, there is also a spacious yard, which provides plenty of outdoor space (there is also room for a pool if the buyer wants it), so the potential of this property is limitless. The house is perfect for a quiet life, it is well connected by traffic, and with the necessary changes it represents a very good opportunity as a business investment for tourist rental, considering that Medulin is one of the most desirable

tourist destinations, where everyone wants to come back again. For more information, call exclusively at +385 98 420 363
