Description

Description:	Poreč, located on the west coast of Istria, is one of the most beautiful and famous tourist destinations in Croatia. This historic town, known for its beautiful beaches, crystal clear sea and rich cultural heritage, attracts visitors from all over the world. The surroundings of Poreč offer untouched natural beauty, olive groves and

vineyards, and every corner offers a unique experience of the Mediterranean. It is in this picturesque area, not far from the city itself, that a beautiful house with apartments in a new building is for sale. This modern house, located on a large plot of 1320 m², consists of two connected buildings with a total of six residential units. Almost every room offers an enchanting view of the sea, which rarely leaves anyone indifferent. On the spacious grounds there is a swimming pool, paved terraces for sunbathing, and a prefabricated building that currently serves as a workshop and can be converted into a garage. The first building contains two ground floor apartments and one large apartment on the first floor. Ground floor apartments each have one bedroom, kitchen, living room and bathroom, and can be used together or separately because they are connected, but also have separate entrances. On the first floor there is an apartment with two bedrooms, two bathrooms, a living room with a kitchen and a dining room, and a terrace with a beautiful view of the sea. In the attic, there is a large roof terrace with a panoramic view of the sea and greenery, ideal for enjoying the jacuzzi, cocktails and sunsets. The second building contains one one-room apartment in the basement, one large two-story apartment with two bedrooms, and one studio apartment. The apartment in the basement, 46 m², has a separate entrance and consists of a living room with a kitchen and dining room, and a bedroom with a bathroom. The ground floor of the large two-story apartment includes an entrance hall, bathroom, living room with kitchen and dining room, and a beautiful terrace with a panoramic view of the sea. On the first floor there are two bedrooms with their own terraces, a dressing room, a bathroom, a long covered terrace, and a studio apartment for guests. The two-story apartment is ideal for living, while the other residential units are suitable for tourist or monthly rent. Every room in the house is air-conditioned, and the house is sold furnished. The special advantage of this property is its location surrounded by agricultural land, which guarantees that no one will block the beautiful view of the sea.
