Description

Description:	<p>ISTRIA, RABAC - Land with sea view and building permit On the southeastern coast of Istria, where green hills meet the sea, where nature and heritage come together, at a distance of only five kilometers there are two small towns with different but mutually complementary characters - Labin and Rabac. Rabac, due to its white pebble beaches, rich Mediterranean vegetation and crystal clear sea, has been called the pearl of Kvarner. Once a small fishing village, today Rabac is an attractive tourist destination that hides a wealth of cultural events in a network of colorful streets. The green surroundings of Rabac and the picturesque hinterland invite you to adventure, research and recreation throughout the year. Not far from Rabac and Labin in a small settlement by the sea, there is a land for sale with a sea view and a building permit. The special feature of this property is reflected in its attractive location and visual exposure. The land holds the Kvarner in the palm of your hand - Rijeka to the left, Cres in front and the islands of Zeča and Unije to the right and the indented coast of eastern Istria. The land has a relatively regular shape, the terrain is slightly sloping, and water, electricity and telephone</p>

connections are located near the land. The land has a building permit for the construction of a residential building with a swimming pool. The project envisages the construction of an attractive villa with an area of 193.15 m², spanning two floors. Due to its microlocation, configuration, proper ownership and documentation, this plot of land with an enchanting view of the sea offers an exceptional opportunity to build a family home or holiday home.
