In the past, this jewel was known for its 400-year-old mining activity, while today it is one of the cultural and administrative centers in Istria. The charming city combines cultural and historical monuments and rich architecture during various cultural events. The Old Town is located on the hill, while the other part of the town is known as Podlabin. The area of the Old Town is known as the city of artists, where there are numerous studios that you can see if you walk through their alleys. In addition, you can visit the City Museum with its archaeological and ethnological collection and experience the unique and unforgettable experience of entering a model mine. Only 5 kilometers away from Labin is Rabac - the most important tourist center on the east coast of Istria, located at the foot of a hill that protects it and enjoys a pleasant Mediterranean climate. It is adorned with stunning surroundings, beautiful pebble beaches and a view of the Kvarner Bay. Over time, it turned into a well-known tourist center with as many as 15 hotels and apartment complexes and several campsites. If you like to take a peek at the unusual gastronomic offer, don't forget to try a specialty specific to the area of Labinština.
