Description

Description: **ISTRIA, RABAC** - Land with a permit and a view of the sea On the southeastern coast of Istria, where green hills meet the sea, where nature and heritage meet, just five kilometers apart, there are two small towns with different but mutually complementary characters - Labin and Rabac. Rabac, due to its white pebble beaches, rich Mediterranean vegetation and crystal clear sea, has been called the pearl of Kvarner. Once a small fishing village, today Rabac is an attractive tourist destination that hides a wealth of cultural events in a network of colorful streets. The green surroundings of Rabac and the picturesque hinterland invite you to adventure, research and recreation throughout the year. Not far from Rabac and Labin in a small settlement by the sea, there is a land for sale with a permit and a sea view. The special feature of this property is reflected in its attractive location and visual exposure. The land holds the Kvarner in the palm of your hand - Rijeka to the left, Cres in front and the islands of Zeča and Unije to the right and the indented coast of eastern Istria. The land has a relatively regular shape, the terrain is slightly sloping, and water, electricity and telephone connections are located near the land. The land is in the process of obtaining a building permit for the construction of a residential building with a swimming pool. The project envisages the construction of an attractive villa with an area of 192.15 m², spanning two floors. Due to its micro-location, configuration, proper ownership and

documentation, this land with an enchanting view of the sea offers an exceptional opportunity to build a family home or holiday home. The seller of the property in question is a legal entity, and the stated price does not include VAT. Dear clients, the agency commission is charged in accordance with the General Business Conditions: www.dux-nekretnine.hr/opci-uvjeti-poslovanja ID CODE: 29017
