Description

Description: In a peaceful, beautiful weekend settlement, we are selling a plot of 6997 sqm. For the plot in question, the owner also owns a preliminary design for the construction of a cottage (of layout size of approximately 57 sqm), which would consist of a basement and ground floor. The basement should consist of a wine cellar, bathroom and two storages, and the ground floor of a bedroom, bathroom, hallway and open space with kitchen, dining room and living room and exit to a spacious terrace. The width of the plot by the road is approximately 55 m, and in depth it extends up to approximately 150 m. Extremely beautiful plot with a view of the surroundings, slightly sloped and suitable for growing different crops. Possible connections to electricity and water supply network – the latter at approximately 80 m from the plot (or build a tank), and it is necessary to build the collection pit.
