Description

Description:

Istria, Rovinj, surroundings Only a few minutes from the beautiful beaches and the town of Rovinj, on a hill, there is a station that is looking for its new owner. It is surrounded by forest and is in an excellent position, as it offers a panoramic view of the sea and the old town of Rovinj. In its 13,000 m², this station has an area outside the construction zone with more than 11,000 m², a construction zone with 1,800 m², a house of 65 m², a barn of 74 m², an auxiliary building with 60 m², and all this together is an excellent foundation for arranging according to your own wishes and possibilities. This property is an opportunity to invest in the future. Considering the perfectly peaceful location and the beautiful view, it was created for a tourist facility like a holiday home with accompanying facilities, and in this way the invested investment would be recovered. Of course, the possibility of building a family house with a garden and living in a quiet zone where you can start creating new memories is not excluded! ID CODE: 1029-321
