Description

Description: Istria, Marčana, surroundings, not far from Marčana, in a small town in the central part of Istria, we are selling a new house with a swimming pool. This new house is surrounded by farms and family houses and mostly greenery, while the distance from all facilities is only a few minutes' drive, given the central location. The distance from the first beaches and the sea is approx. 10 km, while for those who want to experience a real touristic atmosphere, there is the beautiful Fažana at approx. 14 km or Pula at approx. 16 km. This new and modern house extends over two floors with its 215m², of which 174m² is living space. The ground floor of the house is dominated by an open space concept space divided by a corridor where there are stairs to the upper floor and divides this space into a kitchen and a dining room, while the living room with access to the terrace and garden is in the second part. The ground floor also has one bedroom with its own bathroom, a guest toilet and a storage room. On the upper floor of the house there are two more bedrooms with their own bathrooms and terraces. This new house is certainly ideal as a family home in a quiet place surrounded by nature, while at the same time it has the potential for tourist rental and return of invested funds.
