Description

Description: Istria, Rovinj, center Apartment for sale with office space that attracts attention due to its authentic antique atmosphere, in the wider old town. Given the location, the apartment leads to one of the most famous but quieter streets of the city. In the immediate vicinity are all the facilities by which the city is recognized, while the sea and the promenade on the waterfront are only a hundred meters away. The apartment, which exudes tradition, with its 72m² is located on the first floor and consists of a living room with kitchen, three bedrooms, bathroom and private small terrace. The business space is on the ground floor, extends along the entire property and has entrances from two streets. As part of the business space that currently serves as a gallery, there is a tavern, but there may also be a storage room. It is interesting that the authenticity of the old building of the 1900s has been preserved in that tavern. This property is a great opportunity to buy because of its unique location and the ability to combine business space and an apartment on the first floor into one residential unit. ID CODE: 1029-7
