Description

Description: New construction in Tučepi, not far from the beach with a sea view. Smaller building, ideal for living or tourist purposes, since it is located next to the green zone, and has direct access from the main road. The construction is based on the latest construction standards (parquet/ceramics and high-quality sanitary equipment, thermo-hydro insulation, burglar-proof and fire-proof doors, air conditioning, PVC two-tone openings with triple-layered glass, electric blinds on the windows, underfloor heating in the bathrooms). It consists of a basement where there are storage rooms, a ground floor and three floors connected by an elevator and a staircase. First floor: hallway, bathroom, spacious living room with kitchen and dining room, and loggia. Second floor: hallway, two bathrooms, three bedrooms, and a loggia with a view of the sea, the town of Tučepi and the city of Makarska. Given that the building is under construction, the buyer has the opportunity to choose ceramics and floor coverings in a timely manner. An outdoor parking space is included in the price of the apartment. Ownership and documentation in order 1/1.
