Description:	Istria, Labin - Beautiful villa with swimming pool in green surroundings. On a hill above the tourist town of Rabac is the medieval town of Labin, whose old name Albona was first mentioned in 285 AD. Today, it is a cultural and administrative center where the wealth of architecture and cultural and historical monuments is rarely combined so charmingly with numerous art studios and the breath of youth that gathers there, especially in the evening, in numerous cafes. In the eastern part of central Istria, on a high plateau above the Raša river valley and in the hinterland of the town of Labin, lies Sveta Nedelja. The special location, the proximity to the sea, but also to lush forests, means a holistic combination of green and blue. This area is full of architectural remains that will tell you the story of the long and interesting history of this area and awaken in you the desire to explore and
