Description

Description: **ISTRIA, PULA!** Unique building plot Pula is the largest city of the Istrian County located in the southwestern area of the impressive landscape of the Istrian peninsula and is characterized by an interesting cultural and historical heritage, beautiful nature and long beaches that take your breath away. The city developed partly under and partly on seven hills: Monte Zaro, Monte Serpente, Monte Ghiro, Monte Magno, Monte Paradiso, Monte Rizzi and Monte Vidal. A moderately warm climate with mild winters and warm summers prevails, so it is an ideal place for potential property owners who will be able to enjoy them all year round. We offer a unique building plot. It is located in one of the most attractive locations in Pula and on the famous Lungo Mare promenade. The land is surrounded by forest and the first beautiful beaches are 250 meters away. It has a valid building permit, which can be changed and adapted at the request of the future owner. A building site in this location is a rarity on the market and is highly recommended. ID CODE: 29411
