area represents an exceptional, largely preserved ambient value. This ideal combination of nature and history has not lost its luster for centuries. The reason for this is the mild Mediterranean climate, an impressive nature park, archaeological sites, magical views, sandy and white pebble beaches in blue-green bays, pine forests and modern fishing villages full of Istrian tradition, cultural events and a wide range of dynamic activities. Not far from the center of the city of Medulin, only 400 meters from the sea, a luxurious building of modern design is under construction, which extends through the ground floor and two floors and contains a total of three residential units. Durable and reliable materials are used in the construction, which guarantee long-term satisfaction and security of housing. The space planning of each floor was carried out in detail, which resulted in a high-quality layout of the rooms, which guaranteed the full use of the space. The object of sale is an apartment located on the first floor of the building. It consists of a bedroom, a bathroom and an open concept space that unites the kitchen, dining room and living room with access to the balcony. The parking space is included in the price. This apartment in an attractive location is an ideal opportunity for a comfortable family life as well as an investment for the purpose of tourist rental.
