Heating

Heating type: air-conditioner

Description

Description:

ISTRIA, ROVINJ - Two-room apartment for sale in an attractive location (400 m as the crow flies from the sea and the center of the old town)! One of the most "photogenic" towns in the Mediterranean, once a fishing village, is now a tourist center. About 40 kilometers from Pula, Rovinj-Rovigno has long been known as a city with favorable and beneficial climatic features. Even today, its people are proud of that long tradition and 'fight' for the title of 'healthy city'... The rest is nature's work. The entire coast with its twenty-two islands is an area of protected natural heritage. On the first floor of a neat building, there is a two-room apartment of 80 m², which consists of an entrance hall, living room, two bedrooms, kitchen, dining room, bathroom and storage room. Each room has its own separate exit to its balcony. The last renovation of the property was in 2020, when the floors and water and electricity installations were changed. The heating concept is based on air conditioners, Norwegian radiators and an electric fireplace in the living room. The apartment is sold fully furnished. On the ground floor of the building there is a woodshed that belongs to the apartment. Due to its proximity to important city facilities, the apartment is an opportunity for a family as well as a tourist rental. **DIRECT CONTACT WITH THE AGENT:** Agent: Nikola Baltić. | Mobile: 095 377 5581 | E-mail: nikolabaltic0@gmail.com
