Description

Description:	Višnjan Croatia's association with Tuscany, along with excellent connectivity and proximity to Poreč, offers incredible peace and quiet, perfect for escaping from the hustle and bustle of the city. Not far from Višnjan, at the end of the village, there is a beautiful Istrian villa surrounded by nature and greenery. Due to its position and environment, it provides complete peace and escape from the busy lifestyle. In addition, the purchase of this house takes over the already well-established business of renting during the tourist season, with excellent reviews on all portals where it is advertised. The house occupies 290 m ² of net living space, and is
--------------	---

located on a fenced plot of land with a total square footage of 1800 m². It extends over the ground floor and first floor, the ground floor consists of 2 bedrooms, each with its own bathroom, guest toilet, kitchen with pantry, dining room and living room with fireplace. Directly from the living room there is access to the outdoor area reserved for socializing and enjoying the summer months, a terrace and a pergola with an outdoor dining set next to the beach in front of the pool (50 m²). There are 3 bedrooms on the first floor, each with its own bathroom, one of them has access to a terrace with a view of the landscape, while the second room has an access to a smaller balcony. Also, the house offers several activities such as sauna, indoor jacuzzi, table football, billiards, and the barbecue is another guarantee for good fun and socializing. The jacuzzi is located in a smaller auxiliary building where there is another toilet and engine room, but Istria is known for kažun, and an example of a real small traditional kažun can be seen within this beautiful Istrian villa. The current purpose of the kazuna is a storage for bicycles, but it could be converted into a luxury sauna or jacuzzi room. This house provides a real example of living in a quiet and rural environment with a touch of luxury.
