The place is located in the western part of Istria in the area between the river Mirna in the north and the Lim channel in the south, and only 14 kilometers from the city of Poreč. It is located on a gentle elevation of 244 m above sea level, surrounded by meadows, arable fields and forests. In that interesting place, we are selling a semi-detached house with a total of 108 m² and spread over two floors. From the front, the living room leads directly to the covered terrace, which has a beautiful morning sunrise. At the back of the house there is a swimming pool with a sunbathing area. There is also a parking lot in front of the house. Heated houses are planned with air conditioners, which are also used for cooling on summer days, and underfloor low-energy electric heating. Everything you need for life, such as a store, post office, bank, school, kindergarten, restaurants, is all nearby, just a few minutes away by bike.
