### Description

Description: The Mediterranean climate, excellent gastronomic offer and a handful of activities will keep your curiosity on the peninsula. Start exploring the other jewels of our coast from the comfort of your own property, which we offer you and present on this occasion! It is located only a 15-minute easy drive from the first beaches with blue flags. In a green oasis, on a completely fenced garden area of 1739m<sup>2</sup> with an automatic irrigation system, it guarantees privacy. On 300m<sup>2</sup> of living space, you will find everything you need for a comfortable everyday life. The secluded villa

consists of a space in the basement with a SPA and WELLNESS zone with a hydromassage bath, sauna, gym and bathroom. On the ground floor, the kitchen, dining room and living room form a harmonious whole dominated by functionality and airiness, which at the same time gives the warmth of sunlight that reaches through the glass walls that separate you from the summer dining room and the beach of the 42m<sup>2</sup> salt water pool. Near the pool there is also a zone for the youngest, an essential children's playground. Also, on this floor you will find a pool table for daily entertainment, two bedrooms with bathrooms, a storage room, and a guest toilet. A 400-liter boiler heats the pellet stove and the first phase of the solar panel has been installed, which is also planned to be used for water heating. The villa is fully equipped with a BOSE sound system controlled by a remote control. On the first floor, there are two more bedrooms with a bathroom and a covered terrace. The villa is fully furnished and air-conditioned with 5 inverter devices, it has pellet central heating and a fireplace that gives an irreplaceable feeling of warmth in the winter months. The property already has a well-established rental business, which gives you, as the future owner, the possibility of continuing to engage in tourism activities.
