from the first floor there would be a panoramic open view of the sea, the entire Kvarner Bay and the islands. This property is 280m from the sea as the crow flies, or 800m by car (about 2 minutes). A good opportunity for investors who are engaged in the construction of apartments / houses for rent - holidays with a swimming pool, but also for those who would like to build a family house in a quiet, peaceful environment. **A UNIQUE PROPERTY DEFINITELY WORTH YOUR ATTENTION IN A GREAT LOCATION!!!** KANTRIDA: The westernmost district of Rijeka, full of potential, got its name from the word 'chair' - a large stone block located on the site of the former market and former quarries. Over time, Kantrida has always been a harmonious combination of industry and tourism. It grew together with the shipyard in '3. maj', which has existed since 1892. The symbols of this part of the city are certainly the impressive swimming pool complex that is used for practicing water sports and the stadium complex that offers the opportunity to practice other types of sports. The swimming pool complex located on the beach is an architecturally interesting space that offers wide opportunities for practicing water sports, sports recreation for citizens and high-quality preparation and competitions for athletes. It is a sports-recreational-entertainment complex of five pools of different dimensions equipped to meet the highest standards. Next to the swimming pool, there are numerous accompanying facilities, so we can confidently declare it an attractive place for recreation and entertainment. The Kantrida Stadium is located between the 3rd May Sports and Recreation Center, the Kantrida Athletic Hall and the Kantrida Swimming Pool. The main purpose of the stadium is for football and athletics, and the facility is also occasionally used for concerts and tournaments. In its immediate vicinity there is a beach volleyball court and the beach 'Igralište', which is also arranged as a beach for dogs. Kindergartens, a school, good traffic connections with the city center, an offer of places for socializing and entertainment, a comprehensive Cultural Center, cultural and entertainment facilities and an abundance of beaches provide exceptional harmony to this part of the city of Rijeka. The history of the elementary school "Kantrida" begins in 1909, when the Croatian public school was founded. Every year, at various competitions and meetings, the school achieves notable results, while hard-working teachers work devotedly on the upbringing and education of students. Through regular classes, thematic projects and workshops for students and parents, they continuously cover various topics. Kantrida is characterized by good transport and communal infrastructure, availability of schools and kindergartens, shops, banks, post offices and green areas. In addition to all of the above, there is also a Retirement Home in Kantrida - one of the most beautiful in Croatia. There are no large shopping centers on Kantrida, but that's why there are plenty of small shops that are optimal for 'quick shopping'. Also, there is an excellent offer of places for socializing and entertainment, in which, in addition to cafes and restaurants, the pottery shop and the House of Culture stand out. In addition to the already mentioned symbols of Kantrid, skyscrapers towered over the coast, whose tenants renovated their facades in the colors of the HNK "Rijeka" jersey, thus becoming one of the symbols of the smoggy city.
