Description

Description: ISTRIA, LABIN - Spacious combined land in an extraordinary location On the southeastern coast of Istria, where green hills meet the sea, where nature and heritage come together, there are two towns of similar size but with different but mutually complementary characters - Labin and Rabac. The picturesque town of Labin rises on a hill 320 meters high, only five kilometers from the white pebble beaches in Rabac. Intertwined with rich history and mining that marked this region, Labin, which was declared an independent republic for a short time, is today a fascinating city of contradictions; old and new, history and present, tourism and art. Not far from the town of Labin, there is a spacious combined plot for sale in an excellent location. The land with a panoramic view of the surrounding hills is secluded in a quiet and sunny location on the edge of the construction area of the settlement. According to spatial planning documentation ca. 4,500 m² is located in an undeveloped part of the building area of the settlement, while the rest of the land is used for agricultural purposes, according to the cadastral culture of meadows. The land has a relatively regular rectangular shape, the terrain is slightly sloping, it is accessed by an asphalted road, and water, electricity and telephone connections are located near the land. Due to its microlocation, configuration, proper ownership and documentation, this land offers an exceptional investment opportunity. Dear clients, the agency commission is charged in accordance with the General Terms and Conditions:
