Description

Description:	<p>Agricultural land near the construction area and the border of the area covered by the GUP in the cadastral municipality of Sesvetski Kraljevec. The border of the area covered by the GUP (construction area) is a little less than 200 m away from the land. Water and electricity are 70 m from the plot. It is about three plots of equal plot area, located one behind the other along the access road, with a total depth of 83 meters (see drawing). Width along the main road: 19 meters. Each of the plots can be reached by a seven-meter-wide common road in co-ownership, and the first plot can also be reached from the main road. The terrain is almost perfectly horizontal, as can be seen in the attached photos. All three plots are for sale together plus a share in the ownership of the access road. The price is fixed. It is also possible to buy each plot separately, but first the plot farthest from the road, then the next and then the one next to the main road, all with a prior agreement on the price with the owners.
