Description

Description:	<p>ISTRIA, LABIN - Building land near the city center On the southeast coast of Istria, where the green hills meet the sea, where nature and heritage meet, there are two towns of similar size but with different but mutually complementary characters - Labin and Rabac. The picturesque town of Labin rises on a hill 320 meters high, only five kilometers from the white pebble beaches in Rabac. Intertwined with rich history and mining that marked this region, Labin, which was declared an independent republic for a short time, is today a fascinating city of contradictions; old and new, history and present, tourism and art. A building plot of 1320 m² for residential use is for sale near the city center with a beautiful view of Učka. The land is flat and has a regular shape. The access road is secured and all the infrastructure is in the immediate vicinity. The land is an excellent investment opportunity due to its large square footage and flat shape. It is possible to build two family houses or one villa with a swimming pool. Dear clients, the agency commission is charged in accordance with the General Terms and Conditions: www.dux-nekretnine.hr/opci-uvjeti-poslovanja ID CODE: 30231</p>
