About us: Dux nekretnine agency operates with the aim of raising the quality of real estate brokerage to a higher level of professionalism and mutual satisfaction of the parties with which it cooperates. How do we do that? We approach each client humanely and professionally in order to facilitate one of the biggest and most important decisions in life - buying real estate. Our offer includes a wide range of high quality and very attractive properties in the Kvarner, Istria, islands and wider surroundings in order to satisfy the refined tastes of our longtime customers. The buying and selling process takes place at the highest level of quality with our reliability and commitment to each individual client. Our job is not done until we see a smile on the faces of clients. And even then

because we like to stay in touch
even after the contract is signed
- because our mission is more
than just a job.

Description

Description: MALINSKA - building plot with sea view In a quiet location in the municipality of Malinska-Dubašnica, a building plot of 852m² is for sale. The land has a regular shape, a flat configuration, and all the infrastructure is nearby. The view is open, you can already see the sea from zero point. From a micro-location point of view, the land is surrounded by new semi-detached villas with swimming pools, which makes it even more attractive. The distance from the main road is 80 meters, and the city center is a few minutes' drive away. Ideal for building a detached or semi-detached villa with a pool, both for tourist rental and for living. Malinska and its entire area is called Dubašnica and is located in the western part of the island of Krk. Until the 15th century, Dubašnica was almost devoid of permanent inhabitants, as was the area south of it, almost to the town of Krk. The name of the area comes from oak or oak, because there are rich forests and pastures with some arable land. Dubašnica was mainly an area of Omišalj, already before the 12th century, but part of it was also held by the people of Krk. Malinska, from a port for the export of wood, has become a climatic health resort thanks to its mild climate with about 260 sunny days a year. Today, it is one of the island's strongest tourist destinations, known for its numerous beaches and developed hotel industry, as well as family tourism. Not far from Malinska is Porat, a quiet place where the population once lived from fishing, but today tourism has taken over the leading role. The name of the place comes from the Italian word porto, which translates as port. The beaches in Malinska and on the island of Krka are known as some of the best in Croatia. One of the advantages of the indented and wide coastline in

Malinska is that the beaches, wherever you go, are never far away. The diverse coast of the island offers a wide variety of beaches: from rocky, sandy and pebble beaches to hidden coves. Beaches for children, for the disabled, non-swimmers or the elderly, beaches for dogs, beaches for those looking for natural shade and proximity to parking spaces, lovers of sports activities and beach bars, but also an unofficial nudist beach - all this is offered by Malinska. Dear clients, the agency commission is charged in accordance with the General Terms and Conditions.
