### Description

Description: In our agency's offer, we have this large building plot with a regular shape and flat terrain, and with its own access road. These are essentially two lots that are being sold together. Infrastructure such as water, electricity and sewerage are located right next to the plot. Which greatly facilitates the preparation for construction for the future owners. It is located in the town of Loborika, which is only 7 km from the city of Pula, the same distance from the sea and beaches, and all other important amenities. And the land itself, which is located in a quiet part of town, is only a few minutes' walk from shops, schools, kindergartens, restaurants... Ownership is neat 1/1, and free of encumbrances. This is an ideal position for the construction of a family house or a holiday home, because these plots are the last to be built on that land. Do you want to create your quiet family corner right there, or do you want to rent in tourism? contact us..
