an effort to emphasize all the details, and they also played with warm colors inside the space to create the real impression of a warm family home.

DESCRIPTION OF THE HOUSE: This stone villa consists of 170m² of living space, which are used to the maximum in such a way that each room fulfills its intended role to the maximum, and the entire space is divided into two floors, ground floor and first floor. On the ground floor of the villa, there is a living room designed as an open and airy space where you have the opportunity to stay and relax, as well as a modern and fully equipped modern kitchen with a dining area sufficient to accommodate the whole family. What adorns this part of the villa's ground floor is a wood-burning fireplace that is used to heat the space, and which also creates a special atmosphere during your stay in the villa. We must not forget to mention that from the same area there is a view as well as an access to the garden and swimming pool with sunbathing area. In addition to everything mentioned, we must point out that on the ground floor of the villa, next to the living room, there is the first bedroom with its own bathroom, then a slightly separate guest toilet and laundry room. The first floor of the villa is accessed by wooden stairs, where there are three comfortable bedrooms, each of which has its own private bathroom. Each of the bedrooms has larger dimensions, while the walls are decorated with special details that the owners tried to highlight in the same way as on the ground floor of the villa. All bedrooms are decorated in traditional Istrian stone style with a good combination of warm and eye-pleasing colors.

DESCRIPTION OF THE GARDEN: The villa is located on a plot of 925m², which is completely fenced with stone drywall, and has ensured maximum privacy and peace for its future owners. Given that the villa is positioned at the very edge of the plot, the entire area of the land remained almost untouched and at the disposal of its owners. The central part of the garden is thus occupied by the swimming pool and a larger sunbathing area, next to the swimming pool there is a summer kitchen with a stone grill hidden in the natural shade of the vines. The same terrace is ideal for entertaining and socializing with friends and family during the warmer months of the year. You don't have to worry about your youngest family members, there is enough green space on the garden, ideal for carefree play. You also don't have to worry about your tin pets, precisely because there is enough parking space for 2 cars on the garden plot.

ADDITIONAL INFORMATION: * The villa is sold fully furnished * The ownership of the villa is in order, it has all the necessary documentation, the property is 1/1 * The villa except for air conditioners that are located in all rooms * All materials used are of high quality
