### Description

Description: ISTRIA, POREČ - Land with valid construction permit Bathed in a pleasant Mediterranean climate, located in the heart of the western coast of Istria, the ancient town of Poreč and its coastline of preserved natural beauty, landscaped parks, pine and oak groves that reach the sea itself, along which clear sea, beaches, bays and islands are spread over area of 139 km<sup>2</sup> and consists of 58 settlements. With the identity of an urban coastal city, Poreč is a city of culture, sports, entertainment, tourism and genuine hospitality. One of the most attractive cities of Croatian tourism that uniquely combines the natural beauty of Istria, rich cultural and historical heritage and the most modern amenities of a top tourist destination. The harmony of the old town core, which is a cultural monument, with one of the most famous Istrian cultural monuments, the Euphrasian Basilica, which is on the UNESCO World Heritage List, and the most organized and best equipped tourist resorts on the Adriatic forms a mosaic of unforgettable experiences. Poreč is also a city that is much more than a summer destination of sun and sea. Poreč is a city tailored to man. A city where there is a constant impulse for better living

conditions and greater progress in various spheres. A city that is a pleasant, safe and well-organized place to live where everyone can find their place, a city without surcharges with high social sensitivity for all generations. Not far from the town of Poreč, there is a plot of land for sale with a valid building permit. The building plot is located in a gentle settlement with vacation homes and family homes, offering a perfect balance of rural surroundings and proximity to the sea and urban facilities. The cadastral parcel has a relatively rectangular irregular shape, the terrain is flat and partially overgrown with low, unkempt vegetation, it is accessed by an asphalted road, and water, electricity and telephone connections are located next to the land. The land has a valid building permit for the construction of a family house with a swimming pool, which with its tame architecture does not disturb the environment, but creates a synergy of the natural environment, traditional Istrian architecture and modern design. It was designed as a comfortable detached house with one residential unit that extends through the basement, ground floor and first floor. Due to its micro-location, configuration, proper ownership and documentation, this land offers an exceptional opportunity to build a family home or vacation home. Dear clients, the agency commission is charged in accordance with the General Terms and Conditions:
