Description

Description: The picturesque town of Labin, located on a hill 320 meters high, which is dominated by the bell tower of St. Jušt, rarely does the wealth of architecture and cultural and historical monuments combine so charmingly with numerous art studios. After a walk through the streets of the Old Town, visit the City Museum with an archaeological and ethnological collection and a model of a coal mine unique in this part of Europe, take a look at the art studios, enjoy a beautiful view of the sea, Kvarner and the islands. In the immediate vicinity of the center and the old town of Labin, there is a building plot for sale in an excellent location. The land is 1000m² in size, with a slight southerly slope. All necessary infrastructure is located on the field. Only 4 km from the sea and beaches, a quiet area with family houses represents an excellent opportunity to build a house for family life or a vacation property. ID CODE: 1595
